# Safe Deposit Box

Conveniently and safely store your valuables with Fidelity Bank.

**FIDELITY**  **BANK**

*Believe with us.*

Fidelity Prestige Banking offers you an exclusive, secure and confidential environment to store your cherished and valuable items.

### **Why should I rent a safe deposit box?**

It is a safe and convenient place to store important items that would be difficult or impossible to replace. Your valuable items are protected from theft and natural disasters like fire or flood that may occur at home.

### **What items should go into a safe deposit box?**

Originals of your insurance policies; birth, marriage and death certificates; original deeds, titles, mortgages, leases and other important contracts; stocks, treasury bills, bonds; special jewels, family heirlooms, medals, rare stamps and other collectibles; negatives for irreplaceable photos; memory chips; and CD/DVD records of important events.

### **What should not go into a safe deposit box?**

Anything you might need in an emergency, in case the bank is closed for the night, the weekend or a holiday.

### **Can I arrange for someone else to access my safe deposit box?**

Yes. You can jointly rent your safe deposit box with a spouse, child or any other person who would have unrestricted access to the box. Note that merely giving someone else a key is not enough to grant them access.

### **Can law enforcement authorities access my safe deposit box without my knowledge or permission?**

If a law enforcement agency persuades the appropriate court that there is “reasonable cause”

to suspect that you are hiding something illegal in your safe deposit box (guns, drugs, explosives, stolen cash or money obtained illegally), they can obtain a court order, force the box open and seize the contents.

### **How secure is the safe deposit box?**

Fidelity Bank safe deposit boxes are stored in a concrete vault, equipped with the most sophisticated technology. We also have very strict access procedures, which must be followed before gaining access to the safe deposit boxes.

### **Are there extra precautions I can take to minimize damage?**

Yes. Sealing items in airtight, zip-lock bags or plastic containers can help prevent damage. Also, put your name on each item, keep a list of the box's contents, make copies of important documents and even take photos of your most prized items that you have left in the safe deposit box.

### **How big are the Fidelity Bank safe deposit boxes?**

There are ten different sizes of the Fidelity Safe Deposit Boxes. The dimensions of the boxes range from 125mm x 175mm x 492mm (the smallest box) to 404mm x 529mm x 492mm (the largest).

Fidelity Bank safe deposit boxes can comfortably store all of your valuables.

This service is exclusively available to Prestige Banking clients. Kindly contact your dedicated Prestige Banking Relationship Manager for more information.
